

GO IT ALONE FAITH

1. We do not need the physical visible presence of Jesus to heal us.
2. Simple faith in what God says without sight or sign of change will work.
3. Believing is an act and our actions demonstrate our faith. (He acted his faith or what he believed.)
4. This was not an instant healing, his son began to amend – “He got better,” “He recovered.”
5. Your faith as a parent will work for your children because you have authority in your house.
